MARKING FLAGS & MARKING PRODUCTS
Designed to Leave Your Mark

Welcome to...
Blackburn Manufacturing!

70 Years of Marking Success . . .

With the start of 2023, we are proud to be in our 70th year of business here at Blackburn Mfg. Company. While the past few years have been challenging (to say the least), we look to 2023 with anticipation and hope that we will start to see some stability across the board. We are hopeful that pricing will level out, raw materials will be more readily available, and that our lives in general will be less hectic than the past few years. Regardless, you can rest assured that we will do everything possible to get your orders out as efficiently as possible!

With the volatility of our raw material prices, it is impossible for us to lock in prices for more than 30 days at this point. With that in mind, our list of products is included in this catalog and you can always find our most current pricing on our website at http://www.blackburnflag.com, or simply give us a call, and one of our friendly customer service representatives would be happy to assist you.

We continue to add both people and machines to our product line to better serve our customers. We have an amazing team here at Blackburn Manufacturing that strives to provide you with high-quality, American-Made products at both our Nebraska and California locations. We also know that none of this would be possible without our loyal customers, so we want to make sure that we are doing everything possible to meet your satisfaction by providing you with our marking products, service, and keep you coming back year after year.

Please let us know how we can help you design and leave YOUR mark!

Respectfully yours,

Jennifer Blackburn-Nielsen
