## NSF-CERTIFIED FOR WATER CONTACT

The ReadyLadder modular ladder system has been tested and certified for water contact to NSF, ANSI and CAN 61 standards.

If your application calls for ladder use in wet conditions, use ReadyLadder modular access ladder systems from Bedford with confidence. All components meet NSF, ANSI and CAN 61 standards for use in water treatment facilities.

- 10' ReadyLadder and walk-through kits are certified for potable water contact for 8,000-gallon and greater tanks.
- 15' ReadyLadder and walk-through kits are certified for potable water contact for 10,000-gallon and greater tanks.

**IDEAL FOR WATER  
TREATMENT FACILITIES**

NSF-certified ReadyLadder systems and walk-through kits are in stock, easy to assemble and ready to ship. Talk to our knowledgeable team or request a quote by **visiting [readyladder.com](http://readyladder.com) or calling 814-623-8125.**

# READYLADDER PROVIDES THE QUALITY YOU NEED

Step up to ladders that hold up against harsh environments and working conditions. Pre-engineered ReadyLadder components are made of fiberglass-reinforced polymer (FRP), the same proven, long-lasting, OSHA-compliant material that has made Bedford custom systems so popular. You'll get the configuration flexibility you want without any sacrifice in strength and durability.

- Resistant to heat, high winds, rain, snow, saltwater and chemicals
- Won't shrink, swell, warp, corrode, attract insects or conduct electricity
- Lightweight for easy transport and handling
- Easy to assemble with standard tools
- Meets the demands of load-carrying conditions
- Low maintenance for decades of continuous use
- OSHA compliant
- Certified for water contact to NSF, ANSI and CAN 61 standards

**For every fixed-ladder application from high roof access to short climbs – including water applications – just bolt together prefabricated ReadyLadder lengths from Bedford to meet your exact needs without waiting for a custom build. It's that easy.**

**MADE IN THE U.S.A.**

Bedford is a family-owned American company, and ReadyLadder is proudly built right here in Pennsylvania.
